LOCATION & ASSIGNMENT OF CREWS

NM-R03-000010 Regional Support

STATE: New Mexico

Crews arrived in Albuquerque about 1100 hrs ET. Fast trip! Crews were outfitted at SW mobilization center. All 5 crews were assigned rental vehicles (2 pickups & 2 vans). ISSUE! Crews were **NOT** assigned chainsaws. In the past, the NM cache lost several saws to out-of-state crews and has decided to not issue them. Individual Forests are loaning saws to crews, but that's not consistent. Crews will not be treated as IA crews for two reasons: 1) no chainsaws, and 2) not self-sufficient. Purchasing agents do not appear to be satisfactory solution to making crews self-sufficient. If a crew splits into two 10-person crews, the purchasing agent may not be able to adequately provide the needed services.

Have not been able to make contact with Burns, Purchasing Agent.

If crews remain as IA resources, we might need 2 more purchasing agents. At this time, they do not plan on splitting a crew, but they could be relocated. Lightening is expected Monday.
